CREDIT REPORTING NEWS – safeguard your credit!

Aorangi Debt Collection has partnered with Centrix, a New Zealand owned and operated credit reporting company, to deliver a cost effective innovative credit reporting service to our clients. The online reporting tool available to you combines the strength of Aorangi Debt Collection's data with the extensive information resources of Centrix.

Our on-line reporting enables Aorangi Debt Collection clients to have immediate electronic access to a range of credit reporting services including Consumer credit reports, Company credit reports and Motor Vehicle reports. This information comes from Aorangi's own default data, other major collection agencies, credit providers, court information and business partners.

- **No sign-up fees**
- **No subscription fees**
- **We will invoice you monthly for the reports you have requested**
- **Competitive pricing**
- **Sample reports are available [here](#)**

Who are Centrix?

Centrix Group has been founded by industry experts to provide credit risk management solutions for New Zealand credit providers. Our management team have specific expertise in comprehensive credit bureau development, data management and analytics in New Zealand, Australia and Asia.

We have developed a vast database of credit information sourced from a wide network of business partners and credit data sources. Our aim is to always deliver enhanced value to our clients through innovative development of services and access to high quality credit data.

We believe that if we provide you with a quality product at reasonable prices we can earn your repeat business.

Credit Risk in a new era

Centrix has been formed to provide more choice in the New Zealand credit reporting sector. We leverage the combined breadth of information of our business partners and search numerous data sources to deliver a high value product for our subscribers. We welcome your business and we won't charge you any joining fees or annual fees. Our prices are very competitive and you only pay for what you use - just as it should be.
